

# Recombinant Full Length Human CDKN2AIPNL Protein, GST-tagged

**Cat. No.** CDKN2AIPNL-3830HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                  |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human CDKN2AIPNL full-length ORF ( ADZ15778.1, 1 a.a. - 116 a.a.) recombinant protein with GST-tag at N-terminal.                |
| <b>Species</b>          | Human                                                                                                                            |
| <b>Source</b>           | In Vitro Cell Free System                                                                                                        |
| <b>ProteinLength</b>    | 116 amino acids                                                                                                                  |
| <b>Description</b>      | CDKN2AIPNL (CDKN2A Interacting Protein N-Terminal Like) is a Protein Coding gene. An important paralog of this gene is CDKN2AIP. |
| <b>Molecular Mass</b>   | 12.8 kDa                                                                                                                         |
| <b>AA Sequence</b>      | MVGGEAAA VEELVSGVRQAADFAEQFRSYSESEKQWKARMEFILRHLPDYRDPP<br>DGSGRLDQLLSLSMVWANHLFLGCSYNKDLLDKVMEMADGIEVEDLPQFTTRSELM<br>KKHQS     |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                           |

|                |                                                                          |
|----------------|--------------------------------------------------------------------------|
| <b>Storage</b> | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing. |
|----------------|--------------------------------------------------------------------------|

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| <b>Storage Buffer</b> | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer. |
|-----------------------|--------------------------------------------------------------------------|

## GENE INFORMATION

|                  |                                                                                |
|------------------|--------------------------------------------------------------------------------|
| <b>Gene Name</b> | CDKN2AIPNL CDKN2A interacting protein N-terminal like [ Homo sapiens (human) ] |
|------------------|--------------------------------------------------------------------------------|

|                        |            |
|------------------------|------------|
| <b>Official Symbol</b> | CDKN2AIPNL |
|------------------------|------------|

|                 |                                                                                                                                              |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Synonyms</b> | CDKN2AIPNL; CDKN2A interacting protein N-terminal like; CDKN2AIP N-terminal-like protein; CDKN2A-interacting protein N-terminal-like protein |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------|

|                |       |
|----------------|-------|
| <b>Gene ID</b> | 91368 |
|----------------|-------|

|                    |           |
|--------------------|-----------|
| <b>mRNA Refseq</b> | NM_080656 |
|--------------------|-----------|

|                       |           |
|-----------------------|-----------|
| <b>Protein Refseq</b> | NP_542387 |
|-----------------------|-----------|

|                   |        |
