

# Recombinant Full Length Human FAM129C Protein, GST-tagged

**Cat. No.** FAM129C-4502HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| <b>Description</b>      | FAM129C (Family With Sequence Similarity 129 Member C) is a Protein Coding gene. An important paralog of this gene is FAM129A.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Molecular Mass</b>   | 103.1 kDa                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

AEGLSHSLETVSSHSVWSFRPTPRQ

**Applications**

Enzyme-linked Immunoabsorbent Assay  
Western Blot (Recombinant protein)  
Antibody Production  
Protein Array

**Notes**

Best use within three months from the date of receipt of this protein.

**Storage**

Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.

**Storage Buffer**

50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.

## GENE INFORMATION

**Gene Name**

FAM129C family with sequence similarity 129, member C [ Homo sapiens ]

**Official Symbol**

FAM129C

**Synonyms**

FAM129C; family with sequence similarity 129, member C; niban-like protein 2; B cell novel protein 1; BCNP1; FLJ39802; B-cell novel protein 1;

**Gene ID**

199786

**mRNA Refseq**

NM\_001098524

**Protein Refseq**

NP\_001091994

**MIM**

609967
