

# Recombinant Full Length Human FAM167A Protein, GST-tagged

**Cat. No.** FAM167A-4534HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                   |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human FAM167A full-length ORF ( AAI04043.1, 1 a.a. - 214 a.a.) recombinant protein with GST-tag at N-terminal.                                                                                                                    |
| <b>Species</b>          | Human                                                                                                                                                                                                                             |
| <b>Source</b>           | In Vitro Cell Free System                                                                                                                                                                                                         |
| <b>ProteinLength</b>    | 214 amino acids                                                                                                                                                                                                                   |
| <b>Description</b>      | FAM167A (Family With Sequence Similarity 167 Member A) is a Protein Coding gene. Diseases associated with FAM167A include Keratolytic Winter Erythema. An important paralog of this gene is FAM167B.                              |
| <b>Molecular Mass</b>   | 50.6 kDa                                                                                                                                                                                                                          |

|                         |                                                                                                                                                                                       |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                                                |
| <b>Storage</b>          | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing.                                                                                                              |
| <b>Storage Buffer</b>   | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                                                                                              |
| <b>GENE INFORMATION</b> |                                                                                                                                                                                       |
| <b>Gene Name</b>        | FAM167A family with sequence similarity 167, member A [ Homo sapiens ]                                                                                                                |
| <b>Official Symbol</b>  | FAM167A                                                                                                                                                                               |
