

# Recombinant Full Length Human TUBA3FP Protein, GST-tagged

**Cat. No.** TUBA3FP-6151HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                 |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Human MGC16703 full-length ORF ( NP_659479.2, 1 a.a. - 154 a.a.) recombinant protein with GST-tag at N-terminal.                                                |
| <b>Species</b>          | Human                                                                                                                                                           |
| <b>Source</b>           | In Vitro Cell Free System                                                                                                                                       |
| <b>ProteinLength</b>    | 154 amino acids                                                                                                                                                 |
| <b>Description</b>      | TUBA3FP (Tubulin Alpha 3f Pseudogene) is a Pseudogene.                                                                                                          |
| <b>Molecular Mass</b>   | 43.1 kDa                                                                                                                                                        |
| <b>AA Sequence</b>      | MQLSGNGLEEQAAQHLDELLAHTDLKSLDLSYNQLNDQADLCMGLQGFLIFHSFG<br>GGTGSGFVSLMKRLSVDYGKKSKLEFAICPAPQVSMAMTEPYNSILTYYTTLEHSD<br>CAFIVNSKATYDMSAQPGRVSHVHQPQSSGQIVSSITASL |
| <b>Applications</b>     | Enzyme-linked Immunoabsorbent Assay<br>Western Blot (Recombinant protein)<br>Antibody Production<br>Protein Array                                               |
| <b>Notes</b>            | Best use within three months from the date of receipt of this protein.                                                                                          |

|                |                                                                          |
|----------------|--------------------------------------------------------------------------|
| <b>Storage</b> | Store at -80 centigrade. Aliquot to avoid repeated freezing and thawing. |
|----------------|--------------------------------------------------------------------------|

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| <b>Storage Buffer</b> | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer. |
|-----------------------|--------------------------------------------------------------------------|

## GENE INFORMATION

|                  |                                                              |
|------------------|--------------------------------------------------------------|
| <b>Gene Name</b> | TUBA3FP tubulin alpha 3f pseudogene [ Homo sapiens (human) ] |
|------------------|--------------------------------------------------------------|

|                        |         |
|------------------------|---------|
| <b>Official Symbol</b> | TUBA3FP |
|------------------------|---------|

|                 |                                                                 |
|-----------------|-----------------------------------------------------------------|
| <b>Synonyms</b> | TUBA3FP; tubulin alpha 3f pseudogene; tubulin, alpha pseudogene |
|-----------------|-----------------------------------------------------------------|

|                |        |
|----------------|--------|
| <b>Gene ID</b> | 113691 |
|----------------|--------|
