

Native Porcine Fibrinogen Protein, FITC Labeled

Cat. No. FGB-01P **Lot. No.** (See product label)

SPECIFICATION

Product Overview	Native Porcine Fibrinogen Protein, FITC Labeled was expressed in cell
Species	Porcine
Source	Porcine plasma
Description	Amino terminal labeled with fluorescein isothiocyanate (FITC). Plasminogen depleted by lysine affinity chromatography. Thaw in a 37C water bath without agitation until completely liquid, then gently mix before use. Keep fibrinogen at 25-37C, aliquot and flash freeze unused portion.
Form	Liquid
Purity	Chromatographically purified >95% as determined by SDS-PAGE.
Applications	This product can be used as a control in applications like ELISA and Western Blot. It can be used for a wide range of in vitro applications, including clotting assays, fibrinolysis, hemostasis, IHC of infused tissue, protein-protein interactions, thromboelastography, thrombolysis, and more. At Innovative Research, we provide reliable, consistent products that deliver reliable, consistent results.
Storage	-70°C
Storage Buffer	0.02M Sodium Citrate-HCl; pH 7.4 with a concentration of 10 mg/ml
