

# Recombinant Full Length Human Leucine-Rich Repeat-Containing Protein 3C(Lrrc3C) Protein, His-Tagged

**Cat. No.** RFL23659HF    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                                                                                                    |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Full Length Human Leucine-rich repeat-containing protein 3C(LRRC3C) Protein (A6N JW4) (42-275aa), fused to N-terminal His tag, was expressed in E. coli.                                                                                               |
| <b>Species</b>          | Human                                                                                                                                                                                                                                                              |
| <b>Source</b>           | E.coli                                                                                                                                                                                                                                                             |
| <b>Protein Length</b>   | Full Length of Mature Protein (42-275)                                                                                                                                                                                                                             |
| <b>Form</b>             | Lyophilized powder                                                                                                                                                                                                                                                 |
| <b>AA Sequence</b>      | VPSPQVPPRGCYVAKEAGERTFRCSQAGLSAVPSGIPNDTRKLYLDANQLASVPAG<br>AFQH LPVLEELDLSHNALAHLSGA AFQGLEGLRHLDSL ANQLASVPVEAFVGLQIQ<br>VNLSANP WHCD CALQEVL RQVRLVPGTGTGIVCGSGARPD LVGQEFLL LAGEEEL<br>CGSGWGGARRST DVALLVTMGGWLTLMVAYLVHYVWQNRDETRRSLKRAPVLPV<br>RSEDSSILSTVV |
| <b>Purity</b>           | Greater than 90% as determined by SDS-PAGE.                                                                                                                                                                                                                        |
| <b>Notes</b>            | Repeated freezing and thawing is not recommended. Store working aliquots at 4°C for up to one week.                                                                                                                                                                |
| <b>Storage</b>          | Store at -20°C/-80°C upon receipt, aliquoting is necessary for multiple use. Avoid repeated freeze-thaw cycles.                                                                                                                                                    |

|                       |                                             |
|-----------------------|---------------------------------------------|
| <b>Storage Buffer</b> | Tris/PBS-based buffer, 6% Trehalose, pH 8.0 |
|-----------------------|---------------------------------------------|

**Reconstitution**

We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference.

**GENE INFORMATION****Gene Name**

LRRC3C

**Synonyms**

LRRC3C; Leucine-rich repeat-containing protein 3C

**UniProt ID**[A6NJW4](#) Tel: 1-631-559-9269 1-516-512-3133 Email: [info@creative-biomart.com](mailto:info@creative-biomart.com)  Fax: 1-631-938-8127 45-1 Ramsey Road, Shirley, NY 11967, USA
