

## Recombinant Rabbit NPC, GST-tagged

**Cat. No.** NPC-3403R    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                              |

| <b>Product Overview</b> | Alveolar macrophage chemotactic factor                                                                                                                                                                                                                                                                       |
| <b>Species</b>          | Rabbit                                                                                                                                                                                                                                                                                                       |
| <b>Source</b>           | E.Coli/Yeast                                                                                                                                                                                                                                                                                                 |
| <b>ProteinLength</b>    | 76                                                                                                                                                                                                                                                                                                           |
| <b>Form</b>             | This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.                                                                                                                                                                             |
| <b>Purity</b>           | >90%                                                                                                                                                                                                                                                                                                         |
| <b>Notes</b>            | Small volumes of NPC recombinant protein may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container's cap. Certain products may require to ship with dry ice. |
| <b>Storage</b>          | Store at -20 degree C. For extended storage, store at -20 or -80 degree C.                                                                                                                                                                                                                                   |
| <b>Storage Buffer</b>   | PBS pH 7.4, 50% glycerol                                                                                                                                                                                                                                                                                     |
| <b>Warning</b>          | This product is for research use only. Not for use in diagnostic or therapeutic procedures.                                                                                                                                                                                                                  |
