

## Recombinant Human STAMBPL1 Protein (D2-R436), Tag Free

Cat. No. STAMBPL1-1349S    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                                                     |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Human GG-AMSH-LP(D2-R436 end) Protein was expressed in E. coli.                                                                                         |
| Species          | Human                                                                                                                                                               |
| Source           | E.coli                                                                                                                                                              |
| ProteinLength    | D2-R436                                                                                                                                                             |
| Description      | Zinc metalloprotease that specifically cleaves 'Lys-63'-linked polyubiquitin chains.<br>Does not cleave 'Lys-48'-linked polyubiquitin chains.                       |
| Form             | Liquid                                                                                                                                                              |
| Endotoxin        | < 0.01 EU per µg of the protein                                                                                                                                     |
| Purity           | 90%                                                                                                                                                                 |
| Stability        | Samples are stable for up to twelve months from date of receipt at -20 to -80 centigrade.                                                                           |
| Storage          | Store it under sterile conditions at -20 to -80 centigrade. It is recommended that the protein be aliquoted for optimal storage. Avoid repeated freeze-thaw cycles. |
| Storage Buffer   | Supplied as sterile 50mM Tris-HCl (pH 7.5), 200mM NaCl, 20% glycerol                                                                                                |

 Tel: 1-631-559-9269    1-516-512-3133

 Email: [info@creative-biomart.com](mailto:info@creative-biomart.com)     Fax: 1-631-938-8127

 45-1 Ramsey Road, Shirley, NY 11967, USA

**Shipping** It is shipped out with blue ice.

## GENE INFORMATION

**Gene Name** [STAMBPL1 STAM binding protein-like 1 \[ Homo sapiens \(human\) \]](#)

**Official Symbol** [STAMBPL1](#)

**Synonyms**

STAMBPL1; STAM binding protein-like 1; AMSH-like protease; ALMalpha; AMSH FP; AMSH LP; associated molecule with the SH3 domain of STAM (AMSH) Family Protein; associated molecule with the SH3 domain of STAM (AMSH) like protein; bA399O19.2; FLJ31524; KIAA1373; associated molecule with the SH3 domain of STAM (AMSH) - Family Protein; AMSH-FP; AMSH-LP;

**Gene ID** [57559](#)

**mRNA Refseq** [NM\\_020799](#)

**Protein Refseq** [NP\\_065850](#)

**MIM** [612352](#)

**UniProt ID** [Q96FJ0](#)
