

## Recombinant Human HCV NS3-4a (1-180) Protein

**Cat. No.** HCV9087H    **Lot. No.** (See product label)

### SPECIFICATION

#### Product Overview

|                       |                                                                                                                                                                                                                  |
|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                                                                                                                            |
| <b>Description</b>    | HCV NS3/4a was expressed and purified from E. coli. The protein was expressed as a -fusion protein and purified by a 4-step chromatographic procedure comprising affinity and ion exchange chromatography steps. |
| <b>Purity</b>         | > 95%                                                                                                                                                                                                            |
| <b>Storage</b>        | frozen; -80                                                                                                                                                                                                      |
| <b>Storage Buffer</b> | 25 mM HEPES/NaOH pH7.0;10% Glycerol;5 mM DTT                                                                                                                                                                     |

### GENE INFORMATION

|                        |                    |
|------------------------|--------------------|
| <b>Gene Name</b>       | HCV NS3-4a (1-180) |
| <b>Official Symbol</b> | HCV                |
| <b>UniProt ID</b>      | Q9WMX2             |
