

## Recombinant Human CD248 Protein Pre-coupled Magnetic Beads

**Cat. No.** CD248-2630H-B    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                                                                                                                                                                                                                                             |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | The Recombinant protein was conjugated to magnetic beads. This ready-to-use, pre-coupled magnetic beads are in uniform particle size and narrow size distribution with large surface area, which is conducive to convenient and fast capture target molecules with high specificity and achieve magnetic separation. This product can be equipped with automation equipment for high-throughput operations. |
| <b>Species</b>          | Human                                                                                                                                                                                                                                                                                                                                                                                                       |

storage and handling conditions.

**Storage** 2-8°C. Do not to freeze thaw the Beads

**Concentration** 10mg beads/mL

**Storage Buffer** PBS buffer

## GENE INFORMATION

**Gene Name** CD248 CD248 molecule, endosialin [ Homo sapiens ]

**Official Symbol** CD248

**Synonyms** CD248; CD248 molecule, endosialin; CD164 sialomucin like 1 , CD164L1, CD248 antigen, endosialin; endosialin; TEM1; tumor endothelial marker 1; 2610111G01Rik; CD164 sialomucin-like 1; CD248 antigen, endosialin; CD164L1; MGC119478; MGC119479;

**Gene ID** 57124

**mRNA Refseq** NM\_020404

**Protein Refseq** NP\_065137

**MIM** 606064

**UniProt ID** Q9HCU0
