

## Recombinant Human ABCF2 Protein (Ile396-Val623), N-His-tagged

Cat. No. ABCF2-0181H    Lot. No. (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                         |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant human ABCF2 (Ile396-Val623) was fused with the N-His tag and was expressed in E. coli.                                                                                      |
| <b>Species</b>          | Human                                                                                                                                                                                   |
| <b>Source</b>           | E.coli                                                                                                                                                                                  |
| <b>ProteinLength</b>    | Ile396-Val623                                                                                                                                                                           |
| <b>Form</b>             | Lyophilized powder/frozen liquid                                                                                                                                                        |
| <b>Molecular Mass</b>   | 28.51 kDa                                                                                                                                                                               |
| <b>Purity</b>           | >90% as determined by SDS-PAGE                                                                                                                                                          |
| <b>Notes</b>            | For research use only.                                                                                                                                                                  |
| <b>Storage</b>          | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 centigrade for one week. Store at -20 to -80 centigrade for twelve months from the date of receipt. |
| <b>Storage Buffer</b>   | 0.01M PBS, pH 7.4, 0.02% NLS                                                                                                                                                            |
| <b>Reconstitution</b>   | Reconstitute in sterile water for a stock solution.                                                                                                                                     |

**Shipping** They are shipped out with dry ice/blue ice unless customers require otherwise.

## GENE INFORMATION

**Gene Name** ABCF2 ATP-binding cassette, sub-family F (GCN20), member 2 [ Homo sapiens (human) ]

**Official Symbol** ABCF2

**Synonyms** ABCF2; ATP-binding cassette, sub-family F (GCN20), member 2; ATP-binding cassette sub-family F member 2; ABC28; EST133090; HUSSY 18; M ABC1; ABC-type transport protein; Iron inhibited ABC transporter 2; iron-inhibited ABC transporter 2; M-ABC1; HUSSY18; HUSSY-18; DKFZp586K1823;

**Gene ID** 10061

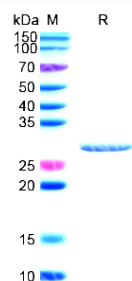

**mRNA Refseq** NM\_005692

**Protein Refseq** NP\_005683

**MIM** 612510

**UniProt ID** Q9UG63
