

## Recombinant Human ANXA3 Protein (Met1-Asp323), Tag Free

Cat. No. ANXA3-0198H    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant human ANXA3 (Met1-Asp323) without tag was expressed in E. coli.                                                                                                             |
| Species          | Human                                                                                                                                                                                   |
| Source           | E.coli                                                                                                                                                                                  |
| ProteinLength    | Met1-Asp323                                                                                                                                                                             |
| Form             | Lyophilized powder/frozen liquid                                                                                                                                                        |
| Molecular Mass   | 35.53 kDa                                                                                                                                                                               |
| Purity           | >90% as determined by SDS-PAGE                                                                                                                                                          |
| Notes            | For research use only.                                                                                                                                                                  |
| Storage          | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 centigrade for one week. Store at -20 to -80 centigrade for twelve months from the date of receipt. |
| Storage Buffer   | Supplied as solution form in PBS or lyophilized from PBS.                                                                                                                               |
| Reconstitution   | Reconstitute in sterile water for a stock solution.                                                                                                                                     |
| Shipping         | They are shipped out with dry ice/blue ice unless customers require otherwise.                                                                                                          |
