

# Recombinant Human CDK2AP1 Protein (Met1-Ser115), C-His tagged

**Cat. No.** CDK2AP1-0977H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                                                               |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant human CDK2AP1 (Met1-Ser115) fused with the C-terminal His tag was expressed in Mammalian cells.                                                                                   |
| <b>Species</b>          | Human                                                                                                                                                                                         |
| <b>Source</b>           | Mammalian Cells                                                                                                                                                                               |
| <b>ProteinLength</b>    | Met1-Ser115                                                                                                                                                                                   |
| <b>Form</b>             | Lyophilized powder/frozen liquid                                                                                                                                                              |
| <b>Molecular Mass</b>   | 12.65 kDa                                                                                                                                                                                     |
| <b>Purity</b>           | >90% as determined by SDS-PAGE.                                                                                                                                                               |
| <b>Notes</b>            | For research use only.                                                                                                                                                                        |
| <b>Storage</b>          | Use a manual defrost freezer and avoid repeated freeze thaw cycles.<br>Store at 2 to 8 centigrade for one week.<br>Store at -20 to -80 centigrade for twelve months from the date of receipt. |
| <b>Storage Buffer</b>   | Supplied as solution form in PBS or lyophilized from PBS.                                                                                                                                     |
| <b>Reconstitution</b>   | Reconstitute in sterile water for a stock solution.                                                                                                                                           |

**Shipping** They are shipped out with dry ice/blue ice unless customers require otherwise.

## GENE INFORMATION

**Gene Name** [CDK2AP1 cyclin-dependent kinase 2 associated protein 1 \[ Homo sapiens \(human\) \]](#)

**Official Symbol** [CDK2AP1](#)

**Synonyms** CDK2AP1; cyclin-dependent kinase 2 associated protein 1; CDK2 associated protein 1; cyclin-dependent kinase 2-associated protein 1; doc 1; DOC1; DORC1; p12DOC 1; ST19; Deleted in oral cancer-1; deleted in oral cancer 1; CDK2-associated protein 1; putative oral cancer suppressor; doc-1; p12DOC-1;

**Gene ID** [8099](#)

**mRNA Refseq** [NM\\_004642](#)

**Protein Refseq** [NP\\_004633](#)

**MIM** [602198](#)

**UniProt ID** [O14519](#)
