

## Recombinant Human PDAP1 Protein (Met1-Lys181), N-His tagged

Cat. No. PDAP1-3981H    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant human PDAP1 (Met1-Lys181) fused with the N-terminal His tag was expressed in E. coli.                                                                                       |
| Species          | Human                                                                                                                                                                                   |
| Source           | E.coli                                                                                                                                                                                  |
| ProteinLength    | Met1-Lys181                                                                                                                                                                             |
| Form             | Lyophilized powder/frozen liquid                                                                                                                                                        |
| Molecular Mass   | 19.91 kDa                                                                                                                                                                               |
| Purity           | >90% as determined by SDS-PAGE.                                                                                                                                                         |
| Notes            | For research use only.                                                                                                                                                                  |
| Storage          | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 centigrade for one week. Store at -20 to -80 centigrade for twelve months from the date of receipt. |
| Storage Buffer   | Supplied as solution form in PBS or lyophilized from PBS.                                                                                                                               |
| Reconstitution   | Reconstitute in sterile water for a stock solution.                                                                                                                                     |
