

## Recombinant Human MPP6 Protein (Ala331-Tyr503), N-His tagged

**Cat. No.** MPP6-4858H    **Lot. No.** (See product label)

### SPECIFICATION

|                         |                                                                                                                                                                                         |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant human MPP6 (Ala331-Tyr503) fused with the N-His tag was expressed in E. coli.                                                                                               |
| <b>Species</b>          | Human                                                                                                                                                                                   |
| <b>Source</b>           | E.coli                                                                                                                                                                                  |
| <b>ProteinLength</b>    | Ala331-Tyr503                                                                                                                                                                           |
| <b>Form</b>             | Lyophilized powder/frozen liquid                                                                                                                                                        |
| <b>Molecular Mass</b>   | 21.83 kDa                                                                                                                                                                               |
| <b>Purity</b>           | >90% as determined by SDS-PAGE.                                                                                                                                                         |
| <b>Notes</b>            | For research use only.                                                                                                                                                                  |
| <b>Storage</b>          | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 centigrade for one week. Store at -20 to -80 centigrade for twelve months from the date of receipt. |
| <b>Storage Buffer</b>   | 0.01M PBS, pH 7.4, 0.02% NLS                                                                                                                                                            |
| <b>Reconstitution</b>   | Reconstitute in sterile water for a stock solution.                                                                                                                                     |

**Shipping** They are shipped out with dry ice/blue ice unless customers require otherwise.

## GENE INFORMATION

**Gene Name** MPP6 membrane protein, palmitoylated 6 (MAGUK p55 subfamily member 6) [ Homo sapiens (human) ]

**Official Symbol** MPP6

**Synonyms** MPP6; membrane protein, palmitoylated 6 (MAGUK p55 subfamily member 6); MAGUK p55 subfamily member 6; p55T; PALS2; VAM 1; MAGUK protein p55T; VELI-associated MAGUK 1; protein associated with Lin7 2; VAM1; VAM-1;

**Gene ID** 51678

**mRNA Refseq** NM\_016447

**Protein Refseq** NP\_057531

**MIM** 606959

**UniProt ID** Q9NZW5
