

Recombinant Human NIT1 Protein, C-His tagged

Cat. No. NIT1-01H **Lot. No.** (See product label)

SPECIFICATION

Product Overview	Recombinant Human NIT1 Protein with C-His tag was expressed in HEK293.
Species	Human
Source	HEK293
Description	This gene encodes a member of the nitrilase protein family with homology to bacterial and plant nitrilases, enzymes that cleave nitriles and organic amides to the corresponding carboxylic acids plus ammonia. Multiple transcript variants encoding different isoforms have been found for this gene.
