

## Recombinant *Septoria tritici* MYCGRDRAFT\_111221 Protein (Ala27-Ala232), C-His tagged

Cat. No. MYCGRDRAFT\_111221-5434Z    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant <i>Septoria tritici</i> MYCGRDRAFT_111221 (Ala27-Ala232) fused with the C-His tag was expressed in <i>E. coli</i> .                                                         |
| Species          | <i>Zymoseptoria tritici</i> (strain CBS 115943/IPO323)                                                                                                                                  |
| Source           | <i>E. coli</i>                                                                                                                                                                          |
| ProteinLength    | Ala27-Ala232                                                                                                                                                                            |
| Form             | Lyophilized powder/frozen liquid                                                                                                                                                        |
| Molecular Mass   | 25.62 kDa                                                                                                                                                                               |
| Purity           | > 90 % as determined by SDS-PAGE                                                                                                                                                        |
| Notes            | For research use only.                                                                                                                                                                  |
| Storage          | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 centigrade for one week. Store at -20 to -80 centigrade for twelve months from the date of receipt. |
| Storage Buffer   | Supplied as solution form in PBS, pH 7.5 or lyophilized from PBS, pH 7.5.                                                                                                               |
| Reconstitution   | Reconstitute in sterile water for a stock solution.                                                                                                                                     |

 45-1 Ramsey Road, Shirley, NY 11967, USA

**Shipping** They are shipped out with dry ice/blue ice unless customers require otherwise.

## GENE INFORMATION

**Gene Name** MYCGRDRAFT\_111221 hypothetical protein [ Zymoseptoria tritici IPO323 ]

**Official Symbol** MYCGRDRAFT\_111221

**Synonyms** MYCGRDRAFT\_111221; hypothetical protein

**Gene ID** 13396123

**mRNA Refseq** XM\_003848615

**Protein Refseq** XP\_003848663

**UniProt ID** F9XMT4
