

# Recombinant Human PLAUR protein, His-Avi-tagged, Biotinylated

**Cat. No.** PLAUR-1573H    **Lot. No.** (See product label)

## SPECIFICATION

|                          |                                                                                                                                                                                |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b>  | Biotinylated Recombinant Human PLAUR protein(Q03405-1)(Leu23-Gly305), fused with C-terminal His and Avi tag, was expressed in HEK293.                                          |
| <b>Species</b>           | Human                                                                                                                                                                          |
| <b>Source</b>            | HEK293                                                                                                                                                                         |
| <b>ProteinLength</b>     | Leu23-Gly305                                                                                                                                                                   |
| <b>Tag</b>               | C-His-Avi                                                                                                                                                                      |
| <b>Conjugation/Label</b> | Biotin                                                                                                                                                                         |
| <b>Form</b>              | Lyophilized from 0.22µm filtered solution in PBS (pH 7.4). Normally 8% trehalose is added as protectant before lyophilization.                                                 |
| <b>Bio-activity</b>      | Immobilized Human PLAUR, His Tag at 1µg/ml (100µl/well) on the plate. Dose response curve for Biotinylated Human uPAR, His Tag with the EC50 of 13.4ng/ml determined by ELISA. |
| <b>Molecular Mass</b>    | The protein has a predicted MW of 34.36 kDa. Due to glycosylation, the protein migrates to 50-65 kDa based on Tris-Bis PAGE result.                                            |
| <b>Endotoxin</b>         | Less than 1EU per µg by the LAL method.                                                                                                                                        |

|                       |                                                                                                                                                             |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Purity</b>         | > 95% as determined by Tris-Bis PAGE; > 95% as determined by HPLC.                                                                                          |
| <b>Storage</b>        | Reconstituted protein stable at -80°C for 12 months, 4°C for 1 week. Use a manual defrost freezer and avoid repeated freeze-thaw cycles.                    |
| <b>Reconstitution</b> | Centrifuge tubes before opening. Reconstituting to a concentration more than 100 µg/ml is recommended. Dissolve the lyophilized protein in distilled water. |
| <b>Conjugation</b>    | Biotin                                                                                                                                                      |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                                                                                                  |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | PLAUR plasminogen activator, urokinase receptor [ Homo sapiens ]                                                                                                                                                                                                                                                 |
