

Recombinant H. pylori VacA Protein

Cat. No. VacA-03H Lot. No. (See product label)

SPECIFICATION

Product Overview	Helicobacter pylori (H. pylori) is a type of bacteria. These germs can enter your body and live in your digestive tract. After many years, they can cause sores, called ulcers, in the lining of your stomach or the upper part of your small intestine. For some people, an infection can lead to stomach cancer. Infection with H. pylori is common.
