

## Recombinant Cholera Toxin Subunit B Antigen

**Cat. No.** CHO-068    **Lot. No.** (See product label)

### SPECIFICATION

#### Product Overview

|                       |                                                                                                                                                                                                                                                  |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Purity</b>         | >90% by SDS-PAGE                                                                                                                                                                                                                                 |
| <b>Formulation</b>    | 10 mM PBS, pH 7.4                                                                                                                                                                                                                                |
| <b>Reconstitution</b> | Reconstitute with sterile water with gentle mixing. Addition of 0.1% BSA may increase stability.                                                                                                                                                 |
| <b>Applications</b>   | Control                                                                                                                                                                                                                                          |
| <b>Storage</b>        | Lyophilized: Short Term: 2-8 centigrade; Long Term: -20 centigrade.<br>Reconstituted: -20 centigrade. Avoid repeated freezing and thawing                                                                                                        |
| <b>Notes</b>          | This product is intended for research and manufacturing uses only. It is not a diagnostic device. The user assumes all responsibility for care, custody and control of the material, including its disposal, in accordance with all regulations. |
| <b>Type</b>           | Recombinant                                                                                                                                                                                                                                      |
| <b>ClassID 1</b>      | Infectious Disease                                                                                                                                                                                                                               |
