

## Recombinant HIV 1 gp41 Antigen

Cat. No. HUM-394    Lot. No. (See product label)

### SPECIFICATION

#### Product Overview

|                       |                                                                                                                                                                                                                                                  |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Molecular Mass</b> | 158 kDa                                                                                                                                                                                                                                          |
| <b>Purity</b>         | >90%                                                                                                                                                                                                                                             |
| <b>Formulation</b>    | 20 mM Tris-HCl, pH 8.0 with 1 mM EDTA                                                                                                                                                                                                            |
| <b>Applications</b>   | Lateral Flow                                                                                                                                                                                                                                     |
| <b>Storage</b>        | Short Term ( $\leq 2$ weeks): 2-8 centigrade. Long Term: -20 centigrade. Avoid repeated freezing and thawing.                                                                                                                                    |
| <b>Notes</b>          | This product is intended for research and manufacturing uses only. It is not a diagnostic device. The user assumes all responsibility for care, custody and control of the material, including its disposal, in accordance with all regulations. |
| <b>Type</b>           | Recombinant                                                                                                                                                                                                                                      |
| <b>ClassID 1</b>      | Infectious Disease                                                                                                                                                                                                                               |
| <b>Specificity</b>    | gp41                                                                                                                                                                                                                                             |
