

# Native Varicella-Zoster Virus (VZV) Infected Cell Extract Antigen

**Cat. No.** VAR-610    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                     |                                                                                                                                                                                                                                                  |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Purity</b>       | Infected cell extract enriched for viral proteins                                                                                                                                                                                                |
| <b>Inactivation</b> | Verified by tissue culture infectivity assay                                                                                                                                                                                                     |
| <b>Formulation</b>  | 100 mM Glycine, pH 9.5                                                                                                                                                                                                                           |
| <b>Applications</b> | ELISA, WB                                                                                                                                                                                                                                        |
| <b>Storage</b>      | ≤ -70 centigrade.                                                                                                                                                                                                                                |
| <b>Notes</b>        | This product is intended for research and manufacturing uses only. It is not a diagnostic device. The user assumes all responsibility for care, custody and control of the material, including its disposal, in accordance with all regulations. |
| <b>Type</b>         | Native                                                                                                                                                                                                                                           |
| <b>ClassID 1</b>    | Infectious Disease                                                                                                                                                                                                                               |
