

Native Hen C-type lectin like protein Protein

Cat. No. C-type lectin like protein-040H **Lot. No.** (See product label)

SPECIFICATION

Product Overview Lectins are group of carbohydrate binding proteins with diverse functions. They have specificity to various carbohydrates and these proteins participate in various biological processes (induction of proliferation, apoptosis, defense functions etc). They can be applied for study of carbohydrate composition in plasma membranes, for diagnosis, for purification of glycoproteins etc.
