Native Lentils Lectin Protein

Cat. No. Lectin-045L **Lot. No.** (See product label)

SPECIFICATION

Product Overview	The preparation is homogeneous by electrophoresis in 8% PAAG. It is not blood group specific and it has specificity for terminal d-mannosyl and d-glycosyl residues. Preparation after immobilization on various carriers can be applied for purification of appropriate glycoproteins
Species	Lentils
Source	Lentils
Description	Lectins are carbohydrate-binding proteins that play diverse roles in plant growth, development, and stress response.
Tag	Non
