

## Recombinant Human IFNA2 protein

Cat. No. IFNA2-7979H    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                                                               |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Human IFNA2protein(P01563)(188aa) was expressed in E. coli.                                                                                                       |
| Species          | Human                                                                                                                                                                         |
| Source           | E.coli                                                                                                                                                                        |
| ProteinLength    | 188aa                                                                                                                                                                         |
| Tag              | Non                                                                                                                                                                           |
| Form             | PBS containing 0.1% BSA.                                                                                                                                                      |
| Molecular Mass   | 21.6kDa                                                                                                                                                                       |
| Storage          | Store at -80°C and avoid repeated freeze-thaw cycles.                                                                                                                         |
| Reconstitution   | It is recommended that sterile water be added to the vial to prepare a stock solution of 0.2 ug/ul. Centrifuge the vial at 4°C before opening to recover the entire contents. |

### GENE INFORMATION

|                 |                                            |
|-----------------|--------------------------------------------|
| Gene Name       | IFNA2 interferon, alpha 2 [ Homo sapiens ] |
| Official Symbol | IFNA2                                      |
