

# Recombinant Human TEX101 protein, His-tagged

**Cat. No.** TEX101-30H    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                  |
|-------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant Human TEX101 protein(Q9BY14)(Ala41-Thr130), fused with C-terminal His tag, was expressed in E. coli. |
| <b>Species</b>          | Human                                                                                                            |
| <b>Source</b>           | E.coli                                                                                                           |
| <b>ProteinLength</b>    | Ala41-Thr130                                                                                                     |
| <b>Form</b>             | Lyophilized from Phosphate buffered saline.                                                                      |
| <b>Storage</b>          | Store at -20 to -80°C                                                                                            |
| <b>Molecular Mass</b>   | 12 kDa                                                                                                           |
| <b>AA Sequence</b>      | ANMFNWTTEEVETCDKGALCQETILIIKAGTETAILATKGCIPEGEEAITIVQHSSPPGL<br>IVTSYSNYCEDSFCDKDSLSQFWEFSETT                    |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Official Symbol</b> | TEX101                                                                                                                                                                                                                                    |
