

## Mouse Anti Human CA50 Monoclonal Antibody, clone 3C8 (IVD grade)

**Cat. No.** CA50-022H-MAB    **Lot. No.** (See product label)

### SPECIFICATION

#### Product Overview

|             |                                                |
|-------------|------------------------------------------------|
| Species     | Human                                          |
| Source      | Mouse                                          |
| Clone       | 3C8                                            |
| Type        | Monoclonal Antibody                            |
| Application | Enzyme immunoassay/luminescence/chromatography |
| Description | Capture antibody                               |
