

## Rabbit Anti Human T3 Monoclonal Antibody, clone 3G7 (IVD grade)

**Cat. No.** T3-088H-MAB    **Lot. No.** (See product label)

### SPECIFICATION

#### Product Overview

|                          |                                                |
|--------------------------|------------------------------------------------|
| <b>Species</b>           | Human                                          |
| <b>Source</b>            | Rabbit                                         |
| <b>Clone</b>             | 3G7                                            |
| <b>Type</b>              | Monoclonal Antibody                            |
| <b>Application</b>       | Enzyme immunoassay/luminescence/chromatography |
| <b>Description</b>       | Capture/Detection antibody                     |
| <b>Starting Material</b> | Cell culture supernatant                       |
| <b>Axial Flow Column</b> | Protein A Sepharose                            |
| <b>Storage</b>           | Store at 2-8 centigrade. Do Not freeze.        |
| <b>Storage Buffer</b>    | PBS (pH7.3), 0.1% NaN <sub>3</sub> .           |

### GENE INFORMATION

|                 |                      |
|-----------------|----------------------|
| <b>Synonyms</b> | Triiodothyronine; T3 |
|-----------------|----------------------|
