

## Recombinant Rat Pld2 protein

Cat. No. Pld2-4919R    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                    |
|------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Rat Pld2 protein(P70498) was expressed in Baculovirus.                                                                 |
| Species          | Rat                                                                                                                                |
| Source           | Baculovirus                                                                                                                        |
| Form             | Tris/PBS-based buffer, 6% Trehalose.                                                                                               |
| Purity           | >85% (SDS-PAGE)                                                                                                                    |
| Storage          | Store at -20°C/-80°C upon receipt, aliquoting is necessary for mutiple use. Avoid repeated freeze-thaw cycles.                     |
| Reconstitution   | Please reconstitute protein indeionized sterile water to a concentration of 0.1-1.0 mg/mL. Aliquot for long-term storage at -80°C. |

### GENE INFORMATION

|                 |                                                                                                                                                     |
|-----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene Name       | Pld2 phospholipase D2 [ Rattus norvegicus ]                                                                                                         |
| Official Symbol | Pld2                                                                                                                                                |
| Synonyms        | PLD2; phospholipase D2; PLD 2; PLD1C; rPLD2; choline phosphatase 2; phospholipase D gene 2; phosphatidylcholine-hydrolyzing phospholipase D2; Pldc; |
