

## Recombinant Human PHC1 protein

Cat. No. PHC1-4967H    Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                    |
|------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Human PHC1 protein(P78364) was expressed in Yeast.                                                                     |
| Species          | Human                                                                                                                              |
| Source           | Yeast                                                                                                                              |
| Form             | Tris/PBS-based buffer, 6% Trehalose.                                                                                               |
| Purity           | >85% (SDS-PAGE)                                                                                                                    |
| Storage          | Store at -20°C/-80°C upon receipt, aliquoting is necessary for mutiple use. Avoid repeated freeze-thaw cycles.                     |
| Reconstitution   | Please reconstitute protein indeionized sterile water to a concentration of 0.1-1.0 mg/mL. Aliquot for long-term storage at -80°C. |

### GENE INFORMATION

|                 |                                                                                                                                                                                                                                                       |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene Name       | PHC1 polyhomeotic homolog 1 (Drosophila) [ Homo sapiens ]                                                                                                                                                                                             |
| Official Symbol | PHC1                                                                                                                                                                                                                                                  |
