

Recombinant Rabbit MUC16 Protein, His-tagged

Cat. No. MUC16-11022R **Lot. No.** (See product label)

SPECIFICATION

Product Overview	Rabbit CA125 Protein, His Tag is expressed from human 293 cells (HEK293). It contains AA Pro 1381 - Pro 2032. This protein carries a polyhistidine tag at the C-terminus. Predicted N-terminus: Pro 1381
Species	Rabbit
Source	HEK293
ProteinLength	1381-2032 aa
Description	The CA125, also known as the MUC16, is a mucin protein that may be found in type I transmembrane or secreted forms that are used monitor the progress of epithelial ovarian cancer therapy. The CA 125 molecule is almost certainly a glycoprotein with a predominance of O-linkages. It is heterogeneous with regard to both size and charge, most likely due to continuous deglycosylation of side chains during its life-span in bodily fluids. It exists as a very large complex (perhaps as much as 4 million daltons) under natural conditions.
Form	Lyophilized from 0.22 µm filtered solution in PBS, pH7.4 with trehalose as protectant.
Molecular Mass	The protein has a calculated MW of 75.1 kDa. The protein migrates as 33-130 kDa when calibrated against Star Ribbon Pre-stained Protein Marker under reducing (R) condition (SDS-PAGE) due to glycosylation.
Endotoxin	Less than 1.0 EU/µg by the LAL method/rFC method.

 45-1 Ramsey Road, Shirley, NY 11967, USA

Purity	>90% as determined by SDS-PAGE.
Storage	This product is stable after storage at: -20 to -70 centigrade for 12 months in lyophilized state; -70 centigrade for 3 months under sterile conditions after reconstitution. For long term storage, the product should be stored at lyophilized state at -20 centigrade or lower. Please avoid repeated freeze-thaw cycles.
Reconstitution	It is recommended that sterile water be added to the vial to prepare a stock solution of 0.2 µg/µL. Centrifuge the vial at 4 centigrade before opening to recover the entire contents.

GENE INFORMATION

Gene Name	LOC100352724 mucin-16 [<i>Oryctolagus cuniculus</i> (rabbit)]
Official Symbol	CA125
Synonyms	LOC100352724; mucin-16; CA125; mucin 16, cell surface associated
Gene ID	100352724
mRNA Refseq	XM_070059235
Protein Refseq	XP_069915336
