

# Recombinant Human POTEH cell lysate

**Cat. No.** POTEH-21HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | POTEH POTE ankyrin domain family, member H [ Homo sapiens ]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Official Symbol</b> | POTEH                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>Synonyms</b>        | POTEH; POTE ankyrin domain family, member H; A26C3, ACTBL1, actin, beta like 1 , ANKRD26 like family C, member 3; POTE ankyrin domain family member H; cancer/testis antigen family 104; member 7; CT104.7; POTE22; POTE-22; actin, beta-like 1; ANKRD26-like family C member 3; ANKRD26-like family C, member 3; cancer/testis antigen family 104, member 7; prostate, ovary, testis-expressed protein on chromosome 22; protein expressed in prostate, ovary, testis, and placenta 22; protein expressed in prostate, ovary, testis, and placenta POTE14 like; A26C3; ACTBL1; |
