

# Recombinant Human AHNAK2 cell lysate

**Cat. No.** AHNAK2-42HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                |                                                                                                           |
|----------------|-----------------------------------------------------------------------------------------------------------|
| Species        | Human                                                                                                     |
| Size           | 100 ul                                                                                                    |
| Storage Buffer | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| Applications   | Western Blot;                                                                                             |

## GENE INFORMATION

|                 |                                                                                                                   |
|-----------------|-------------------------------------------------------------------------------------------------------------------|
| Gene Name       | AHNAK2 AHNAK nucleoprotein 2 [ Homo sapiens ]                                                                     |
| Official Symbol | AHNAK2                                                                                                            |
| Synonyms        | AHNAK2; AHNAK nucleoprotein 2; C14orf78, chromosome 14 open reading frame 78; protein AHNAK2; C14orf78; KIAA2019; |
| Gene ID         | 113146                                                                                                            |
| mRNA Refseq     | NM_138420                                                                                                         |
| Protein Refseq  | NP_612429                                                                                                         |
