

# Recombinant Human ANKS1A cell lysate

**Cat. No.** ANKS1A-83HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | <a href="#">ANKS1A ankyrin repeat and sterile alpha motif domain containing 1A [ Homo sapiens ]</a>                                                                                                                                                                                                                    |
| <b>Official Symbol</b> | ANKS1A                                                                                                                                                                                                                                                                                                                 |
| <b>Synonyms</b>        | ANKS1A; ankyrin repeat and sterile alpha motif domain containing 1A; ANKS1, ankyrin repeat and SAM domain containing 1 , ankyrin repeat and sterile alpha motif domain containing 1; ankyrin repeat and SAM domain-containing protein 1A; KIAA0229; Odin; ankyrin repeat and SAM domain containing 1; ANKS1; MGC42354; |
| <b>Gene ID</b>         | <a href="#">23294</a>                                                                                                                                                                                                                                                                                                  |
| <b>mRNA Refseq</b>     | <a href="#">NM_015245</a>                                                                                                                                                                                                                                                                                              |
