

## Recombinant Human BRAT1 cell lysate

Cat. No. BRAT1-255HCL    Lot. No. (See product label)

### SPECIFICATION

#### Product Overview

|                |                                                                                                           |
|----------------|-----------------------------------------------------------------------------------------------------------|
| Species        | Human                                                                                                     |
| Size           | 100 ul                                                                                                    |
| Storage Buffer | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| Applications   | Western Blot;                                                                                             |

### GENE INFORMATION

|                 |                                                                                                                                                                                                                                                                                                       |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene Name       | BRAT1 BRCA1-associated ATM activator 1 [ Homo sapiens ]                                                                                                                                                                                                                                               |
| Official Symbol | BRAT1                                                                                                                                                                                                                                                                                                 |
| Synonyms        | BRAT1; BRCA1-associated ATM activator 1; BAAT1, C7orf27, chromosome 7 open reading frame 27; BRCA1 associated protein required for ATM activation protein 1; MGC22916; HEAT repeat-containing protein C7orf27; BRCA1-associated protein required for ATM activation protein 1; BAAT1; RMFSL; C7orf27; |
| Gene ID         | 221927                                                                                                                                                                                                                                                                                                |
| mRNA Refseq     | NM_152743                                                                                                                                                                                                                                                                                             |
