

# Recombinant Human DHX29 cell lysate

**Cat. No.** DHX29-477HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | DHX29 DEAH (Asp-Glu-Ala-His) box polypeptide 29 [ Homo sapiens ]                                                                                                                                                                                               |
| <b>Official Symbol</b> | DHX29                                                                                                                                                                                                                                                          |
| <b>Synonyms</b>        | DHX29; DEAH (Asp-Glu-Ala-His) box polypeptide 29; DDX29, DEAD/H (Asp Glu Ala Asp/His) box polypeptide 29; ATP-dependent RNA helicase DHX29; DEAH box protein 29; nucleic acid helicase DDXx; DEAD/H (Asp-Glu-Ala-Asp/His) box polypeptide 29; DDX29; FLJ21492; |
| <b>Gene ID</b>         | 54505                                                                                                                                                                                                                                                          |
| <b>mRNA Refseq</b>     | NM_019030                                                                                                                                                                                                                                                      |
