

# Recombinant Human TPRG1L cell lysate

**Cat. No.** TPRG1L-586HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                                                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | TPRG1L tumor protein p63 regulated 1-like [ Homo sapiens ]                                                                                                                                                                                                                                                                              |
| <b>Official Symbol</b> | TPRG1L                                                                                                                                                                                                                                                                                                                                  |
| <b>Synonyms</b>        | TPRG1L; tumor protein p63 regulated 1-like; FAM79A, family with sequence similarity 79, member A; tumor protein p63-regulated gene 1-like protein; FLJ21811; RP11 46F15.3; family with sequence similarity 79, member A; mossy fiber terminal-associated vertebrate-specific presynaptic protein; mover; FAM79A; h-mover; RP11-46F15.3; |
| <b>Gene ID</b>         | 127262                                                                                                                                                                                                                                                                                                                                  |
| <b>mRNA Refseq</b>     | NM_182752                                                                                                                                                                                                                                                                                                                               |

|                            |                            |
|----------------------------|----------------------------|
| <b>Protein Refseq</b>      | NP_877429                  |
| <b>MIM</b>                 | 611460                     |
| <b>UniProt ID</b>          | Q5T0D9                     |
| <b>Chromosome Location</b> | 1p36.32                    |
| <b>Function</b>            | identical protein binding; |
