

# Recombinant Human FAM90A1 cell lysate

**Cat. No.** FAM90A1-590HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                                    |
|------------------------|------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | FAM90A1 family with sequence similarity 90, member A1 [ Homo sapiens ]             |
| <b>Official Symbol</b> | FAM90A1                                                                            |
| <b>Synonyms</b>        | FAM90A1; family with sequence similarity 90, member A1; protein FAM90A1; FLJ10408; |
| <b>Gene ID</b>         | 55138                                                                              |
| <b>mRNA Refseq</b>     | NM_018088                                                                          |
| <b>Protein Refseq</b>  | NP_060558                                                                          |

|                            |                                         |
|----------------------------|-----------------------------------------|
| <b>MIM</b>                 | 613041                                  |
| <b>UniProt ID</b>          | Q86YD7                                  |
| <b>Chromosome Location</b> | 12p13.31                                |
| <b>Function</b>            | nucleic acid binding; zinc ion binding; |
