

## Recombinant Human HIPK4 cell lysate

**Cat. No.** HIPK4-790HCL    **Lot. No.** (See product label)

### SPECIFICATION

#### Product Overview

|                |                                                                                                           |
|----------------|-----------------------------------------------------------------------------------------------------------|
| Species        | Human                                                                                                     |
| Size           | 100 ul                                                                                                    |
| Storage Buffer | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| Applications   | Western Blot;                                                                                             |

### GENE INFORMATION

|                 |                                                                                                      |
|-----------------|------------------------------------------------------------------------------------------------------|
| Gene Name       | HIPK4 homeodomain interacting protein kinase 4 [ Homo sapiens ]                                      |
| Official Symbol | HIPK4                                                                                                |
| Synonyms        | HIPK4; homeodomain interacting protein kinase 4; homeodomain-interacting protein kinase 4; FLJ32818; |
| Gene ID         | 147746                                                                                               |
| mRNA Refseq     | NM_144685                                                                                            |
| Protein Refseq  | NP_653286                                                                                            |

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| <b>MIM</b>                 | 611712                                                                     |
| <b>UniProt ID</b>          | Q8NE63                                                                     |
| <b>Chromosome Location</b> | 19q13.2                                                                    |
| <b>Function</b>            | ATP binding; nucleotide binding; protein serine/threonine kinase activity; |
