

# Recombinant Human KLHL32 cell lysate

**Cat. No.** KLHL32-923HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                                                                                                                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | KLHL32 kelch-like 32 (Drosophila) [ Homo sapiens ]                                                                                                                                                                                                                     |
| <b>Official Symbol</b> | KLHL32                                                                                                                                                                                                                                                                 |
| <b>Synonyms</b>        | KLHL32; kelch-like 32 (Drosophila); BKLHD5, BTB and kelch domain containing 5 , KIAA1900; kelch-like protein 32; BTB and kelch domain containing 5; BTB and kelch domain-containing protein 5; BKLHD5; KIAA1900; dJ21F7.1; UG0030H05; RP1-39B17.1; MGC51280; MGC87753; |
| <b>Gene ID</b>         | 114792                                                                                                                                                                                                                                                                 |
| <b>mRNA Refseq</b>     | NM_052904                                                                                                                                                                                                                                                              |
