

## Recombinant Human KIR3DX1 cell lysate

**Cat. No.** KIR3DX1-981HCL    **Lot. No.** (See product label)

### SPECIFICATION

#### Product Overview

|                |                                                                                                           |
|----------------|-----------------------------------------------------------------------------------------------------------|
| Species        | Human                                                                                                     |
| Size           | 100 ul                                                                                                    |
| Storage Buffer | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| Applications   | Western Blot;                                                                                             |

### GENE INFORMATION

|                     |                                                                                      |
|---------------------|--------------------------------------------------------------------------------------|
| Gene Name           | KIR3DX1 killer cell immunoglobulin-like receptor, three domains, X1 [ Homo sapiens ] |
| Official Symbol     | KIR3DX1                                                                              |
| Synonyms            | LENG12; KIR3DL0                                                                      |
| Gene ID             | 90011                                                                                |
| Chromosome Location | 19q13.42                                                                             |
