

## Recombinant Human MBD5 cell lysate

**Cat. No.** MBD5-1066HCL    **Lot. No.** (See product label)

### SPECIFICATION

#### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

### GENE INFORMATION

|                        |                                                                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | MBD5 methyl-CpG binding domain protein 5 [ Homo sapiens ]                                                                                             |
| <b>Official Symbol</b> | MBD5                                                                                                                                                  |
| <b>Synonyms</b>        | MBD5; methyl-CpG binding domain protein 5; methyl-CpG-binding domain protein 5; FLJ111113; KIAA1461; methyl-CpG-binding protein MBD5; MRD1; FLJ30517; |
| <b>Gene ID</b>         | 55777                                                                                                                                                 |
| <b>mRNA Refseq</b>     | NM_018328                                                                                                                                             |
| <b>Protein Refseq</b>  | NP_060798                                                                                                                                             |

|                            |                                     |
|----------------------------|-------------------------------------|
| <b>MIM</b>                 | 611472                              |
| <b>UniProt ID</b>          | Q9P267                              |
| <b>Chromosome Location</b> | 2q23.2                              |
| <b>Function</b>            | NOT DNA binding; chromatin binding; |
