

# Recombinant Human PRDM15 cell lysate

**Cat. No.** PRDM15-1410HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                                                                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | PRDM15 PR domain containing 15 [ Homo sapiens ]                                                                                                                                                               |
| <b>Official Symbol</b> | PRDM15                                                                                                                                                                                                        |
| <b>Synonyms</b>        | PRDM15; PR domain containing 15; C21orf83, chromosome 21 open reading frame 83 , ZNF298; PR domain zinc finger protein 15; zinc finger protein 298; PR domain-containing protein 15; PFM15; ZNF298; C21orf83; |
| <b>Gene ID</b>         | 63977                                                                                                                                                                                                         |
| <b>mRNA Refseq</b>     | NM_001040424                                                                                                                                                                                                  |
| <b>Protein Refseq</b>  | NP_001035514                                                                                                                                                                                                  |
