

# Recombinant Human RIN1 cell lysate

**Cat. No.** RIN1-1511HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                |                                                                                                           |
|----------------|-----------------------------------------------------------------------------------------------------------|
| Species        | Human                                                                                                     |
| Size           | 100 ul                                                                                                    |
| Storage Buffer | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| Applications   | Western Blot;                                                                                             |

## GENE INFORMATION

|                 |                                                                                                                                                            |
|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene Name       | RIN1 Ras and Rab interactor 1 [ Homo sapiens ]                                                                                                             |
| Official Symbol | RIN1                                                                                                                                                       |
| Synonyms        | RIN1; Ras and Rab interactor 1; ras and Rab interactor 1; ras inhibitor 1; ras inhibitor JC99; ras inhibitor RIN1; ras interaction/interference protein 1; |
| Gene ID         | 9610                                                                                                                                                       |
| mRNA Refseq     | NM_004292                                                                                                                                                  |
| Protein Refseq  | NP_004283                                                                                                                                                  |

|                            |                                                          |
|----------------------------|----------------------------------------------------------|
| <b>MIM</b>                 | 605965                                                   |
| <b>UniProt ID</b>          | Q13671                                                   |
| <b>Chromosome Location</b> | 11q13.2                                                  |
| <b>Pathway</b>             | ErbB1 downstream signaling, organism-specific biosystem; |
| <b>Function</b>            | GTPase activator activity; protein binding;              |
