

## Recombinant Human TCEA3 cell lysate

Cat. No. TCEA3-1748HCL    Lot. No. (See product label)

### SPECIFICATION

#### Product Overview

|                |                                                                                                           |
|----------------|-----------------------------------------------------------------------------------------------------------|
| Species        | Human                                                                                                     |
| Size           | 100 ul                                                                                                    |
| Storage Buffer | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| Applications   | Western Blot;                                                                                             |

### GENE INFORMATION

|                 |                                                                                                                                                                                                                                                 |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene Name       | TCEA3 transcription elongation factor A (SII), 3 [ Homo sapiens ]                                                                                                                                                                               |
| Official Symbol | TCEA3                                                                                                                                                                                                                                           |
| Synonyms        | TCEA3; transcription elongation factor A (SII), 3; transcription elongation factor A protein 3; TFIIS.H; rhabdomyosarcoma antigen MU-RMS-40.22; transcription elongation factor TFIIS.h; transcription elongation factor S-II protein 3; TFIIS; |
| Gene ID         | 6920                                                                                                                                                                                                                                            |
| mRNA Refseq     | NM_003196                                                                                                                                                                                                                                       |
| Protein Refseq  | NP_003187                                                                                                                                                                                                                                       |

|                            |                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------|
| <b>MIM</b>                 | 604128                                                                                    |
| <b>UniProt ID</b>          | O75764                                                                                    |
| <b>Chromosome Location</b> | 1p36.11                                                                                   |
| <b>Function</b>            | DNA binding; metal ion binding; translation elongation factor activity; zinc ion binding; |
