

# Recombinant Human ZNF317 cell lysate

**Cat. No.** ZNF317-2007HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                |                                                                                                           |
|----------------|-----------------------------------------------------------------------------------------------------------|
| Species        | Human                                                                                                     |
| Size           | 100 ul                                                                                                    |
| Storage Buffer | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| Applications   | Western Blot;                                                                                             |

## GENE INFORMATION

|                 |                                                                                     |
|-----------------|-------------------------------------------------------------------------------------|
| Gene Name       | ZNF317 zinc finger protein 317 [ Homo sapiens ]                                     |
| Official Symbol | ZNF317                                                                              |
| Synonyms        | ZNF317; zinc finger protein 317; KRAB-containing zinc finger protein 317; KIAA1588; |
| Gene ID         | 57693                                                                               |
| mRNA Refseq     | NM_001190791                                                                        |
| Protein Refseq  | NP_001177720                                                                        |
| MIM             | 613864                                                                              |

|                            |                                                                                                           |
|----------------------------|-----------------------------------------------------------------------------------------------------------|
| <b>UniProt ID</b>          | Q96PQ6                                                                                                    |
| <b>Chromosome Location</b> | 19p13                                                                                                     |
| <b>Pathway</b>             | Gene Expression, organism-specific biosystem; Generic Transcription Pathway, organism-specific biosystem; |
| <b>Function</b>            | DNA binding; metal ion binding; zinc ion binding;                                                         |
