

# Recombinant Human ZNF503 cell lysate

**Cat. No.** ZNF503-2041HCL    **Lot. No.** (See product label)

## SPECIFICATION

### Product Overview

|                       |                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Species</b>        | Human                                                                                                     |
| <b>Size</b>           | 100 ul                                                                                                    |
| <b>Storage Buffer</b> | 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue) |
| <b>Applications</b>   | Western Blot;                                                                                             |

## GENE INFORMATION

|                        |                                                                    |
|------------------------|--------------------------------------------------------------------|
| <b>Gene Name</b>       | ZNF503 zinc finger protein 503 [ Homo sapiens ]                    |
| <b>Official Symbol</b> | ZNF503                                                             |
| <b>Synonyms</b>        | ZNF503; zinc finger protein 503; FLJ45745; MGC2555; NOLZ1; NOLZ-1; |
| <b>Gene ID</b>         | 84858                                                              |
| <b>mRNA Refseq</b>     | NM_032772                                                          |
| <b>Protein Refseq</b>  | NP_116161                                                          |
| <b>MIM</b>             | 613902                                                             |

|                        |                                                            |
|------------------------|------------------------------------------------------------|
| UniProt ID             | Q96F45                                                     |
| Chromosome<br>Location | 10q22.3                                                    |
| Function               | metal ion binding; nucleic acid binding; zinc ion binding; |
