

Recombinant Pig Trypsin Protein, Proteomics Grade

Cat. No. Trypsin-95P **Lot. No.** (See product label)

SPECIFICATION

Product Overview	Proteomics grade recombinant pig trypsin without tag was expressed in Pichia pastoris.
Species	Pig
Source	P.pastoris
Description	Trypsin is a serine protease that specifically cleaves at the carboxylic side of lysine and arginine residues. The stringent specificity of trypsin is essential for protein identification, and it has become the gold standard for protein digestion to peptides for shotgun proteomics.
Form	Lyophilized powder
Bio-activity	≥10,000 units/mg protein
Applications	Suitable for mass spectrometry
Storage	2-8 centigrade
Shipping	Wet ice
