

## Recombinant Human ATXN7L3 lysate

Cat. No. ATXN7L3-53HCL    Lot. No. (See product label)

### SPECIFICATION

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| Product Overview    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| Species             | Human                                                                                    |
| Source              | HEK293                                                                                   |
| Molecular Mass      | 41150.58Da                                                                               |
| Recommended Usage   | WB                                                                                       |
| Storage Instruction | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                 |                                                                                                      |
|-----------------|------------------------------------------------------------------------------------------------------|
| Gene Name       | ATXN7L3 ataxin 7-like 3 [ Homo sapiens ]                                                             |
| Official Symbol | ATXN7L3                                                                                              |
| Synonyms        | ATXN7L3; ataxin 7-like 3; ataxin-7-like protein 3; DKFZp761G2113; SAGA-associated factor 11 homolog; |
| Gene ID         | 56970                                                                                                |
| mRNA Refseq     | NM_001098833                                                                                         |
