

## Recombinant Human C10orf62 lysate

Cat. No. C10orf62-71HCL    Lot. No. (See product label)

### SPECIFICATION

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| Product Overview    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| Species             | Human                                                                                    |
| Source              | HEK293                                                                                   |
| Molecular Mass      | 25114.32Da                                                                               |
| Recommended Usage   | WB                                                                                       |
| Storage Instruction | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                 |                                                                                                |
|-----------------|------------------------------------------------------------------------------------------------|
| Gene Name       | C10orf62 chromosome 10 open reading frame 62 [ Homo sapiens ]                                  |
| Official Symbol | C10orf62                                                                                       |
| Synonyms        | C10ORF62; chromosome 10 open reading frame 62; uncharacterized protein<br>C10orf62; bA548K23.1 |
| Gene ID         | 414157                                                                                         |
| mRNA Refseq     | NM_001009997                                                                                   |
